We Are Passionate About Public Service

Making a difference is a way of life.

Our unique Public Service Division fights to make sure everyone gets a fair shake. Our public service team is dedicated to working on complex litigation related to excellence in education, access to mass transportation and advocacy on behalf of the disabled.

Everyone Deserves a Fair Shake

We represent the most vulnerable members of our community including children, seniors and the disabled. The Public Service Division has won many landmark cases.

Making a difference is not just a slogan. For us, it is a way of life.

Public Service Clients Never Pay a Fee

One of the unique features of the Public Service Division is that it never charges a fee. We support this work as a central element of our mission to provide access to the legal system for individuals and organizations fighting to make communities fair and just.

Raising Awareness

In the community, our Public Service Division develops, executes and funds programs that raise awareness about issues including bullying, violence in schools, distracted driving and poverty. In classrooms across Michigan, we support the work of educators who teach public service and civil rights related matters in K-12 and post-secondary classrooms.

Thoughtful Public Policy

In the public policy arena, we work to thoughtfully and effectively address the most complex issues facing the communities we serve including access to education, income inequality, disability rights, and fairness for every Michigan family.

High Impact Philanthropy

In addition to our pro bono legal work, we are active in a wide variety of community philanthropic endeavors. Our team engages with many civic, community, cultural, governmental and educational institutions across Michigan and the nation.

Making a difference is not just a slogan. For our firm, it is a way of life.
